I. REDEVELOPMENT VISION

The OKLAHOMA CITY URBAN RENEWAL AUTHORITY (“OCURA”) invites the presentation of written proposals from qualified developers (“Redeveloper”) for the purchase and redevelopment of land owned by OCURA near the intersection of NE 23rd Street and N Glen Ellyn Street, depicted in Exhibit 1 below. The tract of land is approximately 0.9 acres. The site, located in Northeast Oklahoma City, is part of OCURA’s Northeast Renaissance Urban Renewal Plan. The property is mostly vacant though a concrete foundation and small shed exist on the site.

Exhibit 1: Site Location and Context Map

The legal description is subject to adjustment as to exact boundaries, dimensions, interests and final determination based on a survey.

Lots Twenty-six (26) through Thirty (30), both inclusive, in VAUGHNDALE ADDITION to Oklahoma City, Oklahoma County, Oklahoma, according to the recorded plat thereof

and

The East 37 feet of Lot Twelve (12) and all of Lots Thirteen (13) and Fourteen (14), Block One (1), VAUGHNDALE SECOND ADDITION, to Oklahoma City, Oklahoma County, Oklahoma, according to the recorded Plat thereof.

OCURA is offering this site for mixed-use commercial development. New redevelopment should contribute to the growth, density and vibrancy of the Northeast Oklahoma City project area, the NE 23rd Street commercial corridor and the adjacent neighborhoods. Projects with job creation or low to moderate-income housing are required as outlined in Section III.B. of this RFP.

The proposed redevelopment should reflect urban design formats that differ from conventional commercial strip centers and pad site land use patterns along most of the corridor. OCURA will work with the selected Redeveloper on site planning through a design review process.

Exhibit 2: Site Location and Context Maps

The site represents a tremendous market opportunity given its close proximity to a local and regional highway network; the Oklahoma Health Center- a 300-acre bioscience campus to the

southwest; the Baker Hughes, a GE Company, Global Research center- an international center for oil and gas technology research; the city's central business district; and the Oklahoma State Capital campus.

The site is generally accessible by public transit within two blocks; primarily via [Embark Route 002](#), which runs daily Monday through Saturday between the hours of 6:00 a.m. and 7:30 p.m. and [Embark Route 003](#) which runs from approximately 6:15 a.m. to 7:40 p.m. Buses generally run on thirty (30) minute frequencies Monday through Friday and sixty (60) minute intervals on Saturdays. No Sunday or late evening service is available at the present time.

Approximately ½ mile from this site, located at NE 23rd and Rhode Island Avenue, is an exciting new development taking place by local developers, Pivot Project. Pivot Project is rehabilitating a former row of buildings along NE 23rd Street. The project contains approximately 41,000 square feet of office and retail space. The buildings will be home to Centennial Health Clinic, an eye care clinic, a physical therapy clinic, a barber school several restaurants and more. This is the first major development that has happened in the area in years. The development will be a catalyst to encourage additional commercial development in the years to come.

II. REDEVELOPMENT POLICIES AND REGULATORY DOCUMENTS

The redevelopment vision for this site is supported by the following Urban Renewal Authority and City of Oklahoma policy and regulatory documents:

- [Northeast Oklahoma City Urban Renewal Plan](#)
- [planokc](#)
- [Oklahoma City Municipal Code](#)
- [Oklahoma City Online Zoning Locater](#)

Addition documents that may be helpful:

- [Northeast 23rd Street Corridor Plan](#)
- Northeast Sector Plan
- [Northeast Renaissance Redevelopment Project Plan](#)

A. Zoning Requirements

Exhibit 4: The City of Oklahoma City Zoning Requirements

The subject properties are located in a mix of C-4 and I-2 zoning. The City of Oklahoma City's (the City) zoning ordinance defines these defines these zoning types as follows:

I-2 Moderate Industrial District – The I-2 District is intended primarily for the conduct of light manufacturing, assembly and fabrication and for warehousing, wholesale and service uses, which may generate relatively low levels of noise, odor, smoke, dust or intense light. Industrial uses permitted may require good accessibility to air, rail or street transportation routes, but do not depend heavily on frequent personal visits of customers or clients. Provision is also made for outdoor operating and storage.

C-4 General Commercial District – The C-4 District is intended for the conduct of wholesale, retail and office business activities that serve the needs of citizens from anywhere in the metropolitan area, rather than being oriented only to surrounding residential areas. Because the permitted uses may serve and employ a large number of people from a large part of the metropolitan area, the activities conducted and the traffic generated, make this district very much incompatible with residential

development. The Comprehensive Plan policy does not support further expansion of the C-4 District.

Proposals submitted must be conceptually consistent with all current policy and regulatory documents with the exception that the site may need to be rezoned to accommodate a redevelopment proposal. In addition to the requirements of the City, it is the goal of OCURA to require high-quality development standards and design principles to lead as an example for future development.

B. Tax Increment Financing (TIF)

In 2015, the City of Oklahoma City established the Northeast TIF District (Increment District #9) with the intention to spur economic development along three commercial corridors: (1) NE 23rd Street; (2) Martin Luther King, Jr. Avenue; and (3) Kelley Avenue. A TIF District allows the City to support public, private and non-profit projects using incremental growth in property and/or sales taxes generated by increases in net assessed value. If a financial need is demonstrated, TIF funds may be used either to provide financial assistance to real estate development projects that meet the goals of the district, or on various types of physical improvements like public facilities and infrastructure.

The property is located in TIF District #9 ([Northeast Renaissance Redevelopment Project Plan](#)). The [TIF #9 Policy Guide](#) outlines how certain projects may potentially qualify for TIF funding assistance if a need is demonstrated. The availability of TIF assistance is solely at the discretion of The City of Oklahoma City and not OCURA.

III. SUBMITTAL REQUIREMENTS

A. CONCEPTUAL MASTER PLAN

The Redeveloper shall identify the parcels of interest and submit a Conceptual Master Plan which will include the following elements:

1. Conceptual site layout of proposed land uses, onsite pedestrian and auto circulation network, parking, storage/service areas, connectivity to adjacent parcels and street system, any internal recreation areas (whether private or open to public) such as plazas, courtyards, play/open space areas and any additional site features proposed. Include schematic plans and other images that convey the proposed plan.
2. Conceptual themes for architecture, landscaping (i.e. xeric/native plant material etc.) and urban design elements (benches, fencing etc.) Discuss how the development will relate to its context, both in terms of site design and adjacent architecture. Themes can be discussed in written and/or graphic illustrations. Discuss exterior architectural materials proposed. A material board is not necessary for the submittal.

B. DESIGN OBJECTIVES

1. Design of the site must include high quality design, materials and construction. The architectural character must be attractive and meet the character of the surrounding sites, both functionally and aesthetically, and be consistent with land use, zoning and regulatory requirements.
2. In addition to high-quality development, the project should achieve sustainability and energy efficiency goals that exceed the minimum requirement of the Building Code. The project should use environmentally-friendly and sustainable principles in project design and construction.
3. An activated ground floor that engages the sidewalk and promotes a positive pedestrian experience must be provided. This could be through retail, restaurants or other commercial space. Priority should be given to the hard corners. Ground-floor residential units that engage the street and sidewalk would also be considered. Pedestrian and bicycle amenities are important and should be incorporated into the project.
4. The buildings should be pushed to the sidewalk and street edge in order to help activate the street and provide a presence to the street.
5. As much as possible, parking for the development should be placed behind the buildings and not visible from the street when possible. The focus of the development should be on the design of the building and surface parking.

C. PROPOSAL OBJECTIVES

The property was purchased with federal Community Development Block Grant (CDBG) funds. Redevelopment proposals for the properties must meet an eligible CDBG activity. Specifically, projects that will provide either of the following:

- 1) Housing with at least 51% of the developed units to be occupied by low and moderate-income (L/M) households as specified by HUD based on family size.
 - a. Under CDBG definition, “moderate” means less than 80% of the area median income (AMI) (as adjusted by household size and annually published by HUD), and “low” means less than 50% AMI. L/M income persons are defined as persons whose family incomes are less than 80% of the average median income in Oklahoma City as specified by HUD based on family size. This value is recalculated by HUD each year. As an example, 2017 income limits for those at 80% AMI are as follows:

Family size	1	2	3	4	5	6	7
80% AMI	37,700	43,100	48,500	53,850	58,200	62,500	66,800

- b. Both low-income and moderate-income households cannot be served to the exclusion of low income households.

- c. Rent standards for the low to moderate units are not to exceed HUD fair market rents for the area by unit type (i.e., 1-bedroom, 2-bedroom, etc.), or another programmatic (i.e. LIHTC) rent standard.
 - d. If two or more rental residential buildings will be located on the same property under common ownership and management, the grouped buildings may be considered as a single structure for purposes of meeting the 51% requirement.
- 2) Job Creation: The proposal includes an economic development project that will newly create permanent jobs and at least 51% of jobs created will benefit L/M income persons.
- a. Jobs created based on full time equivalent (FTE) basis will need to be counted and reported each year for 5 years.
 - b. For this particular property, the jobs to be created and the persons holding the jobs may be presumed to be low-moderate based on the following:
 - i. The census tract in which the property is located has a poverty rate of at least 20 percent as determined by the 2011-2016 ACS Five Year Census information; and
 - ii. The standard of pervasive poverty and general distress must meet at least one of the following:
 - 1. All block groups in the census tract have 20 percent or greater poverty rates;
 - 2. The activity is undertaken in a block group with a 20 percent or greater poverty rate; or
 - 3. HUD determines that the tract shows other signs of distress (e.g., crime, homelessness, deteriorated housing, etc.)

If one of these criteria is not met, OCURA will require that the Purchase Price for the property be its fair market value. The purchase price terms proposed by the prospective Redeveloper should take into consideration the real estate market in the area, the proposed uses permitted, and the intended use proposed by the Redeveloper. The purchase price for the redevelopment site must be included in the pro forma. A determination of price will be made by an independent appraiser selected by OCURA who will be instructed to take into account the same factors in order to arrive at a “fair value” for the property, the final determination of the sales price will be made by OCURA.

These properties have known environmental issues. Phase I Environmental Site Assessments have been performed on all sites. Upon receiving a proposal, OCURA will work with the City of Oklahoma City on cleaning the environmental issues to an acceptable state for the proposed use.

D. MARKET FEASIBILITY OF CONCEPTUAL MASTER PLAN

The Redeveloper shall submit a narrative outlining the market feasibility of the proposed conceptual plan. For example, showing comparable rental rates, for-sale data and so forth. It is not the intent of this requirement that the redeveloper obtain a market study from a third party professional.

E. REDEVELOPER QUALIFICATIONS AND FINANCIAL ABILITY TO EXECUTE CONCEPTUAL MASTER PLAN

Qualifications of Redevelopment Team

1. List all redevelopment team members, including consultants, and their qualifications to undertake the project.
2. List all applicable projects, completed and/or in progress, by the redeveloper within the past 10 years. Highlight those most similar to the conceptual master plan proposed, if any. Discuss which projects, if any involved a public/private partnership with an entity such as an urban renewal agency, local government, etc.

Financial Ability to Execute the Proposed Master Plan

In order to assist OCURA in reviewing the financial capability of the redeveloper, information will be requested in two tiers. **The initial tier must be submitted with the RFP response**, the second tier will be requested if the respondent is selected by OCURA as the conditional redeveloper (defined in Section M of this RFP).

Tier 1 Submittal Requirements

2. Execute the financial and credit check forms under Exhibit A of this RFP.
3. A summary project pro forma. Return an electronic copy of the completed pro forma workbook with your proposal. The pro forma should provide an indication of project financing requirements, gaps and financial feasibility.
 - a. The Redeveloper's proposed purchase price for the redevelopment site must be included in the pro forma and take into consideration the real estate market in the area and the proposed uses. A determination of price will be made by an independent appraiser selected by OCURA. The final determination of the sales price will be made by OCURA.
 - b. OCURA will consider proposals which include requests for public tax increment financing (TIF) assistance provided that the need and appropriateness is demonstrated by financial and market circumstances. The availability of TIF assistance is solely at the discretion of The City of Oklahoma City and not OCURA.

Tier 2 Submittal Requirements if selected as a Conditional Redeveloper (defined on under Section M of this RFP)

1. If selected as Conditional Redeveloper, OCURA will request detailed documentation of financing commitments. Debt and equity sources must be outlined with their use and timing in the project's redevelopment cycle.
2. Redeveloper's financials of the principal or parent company. In the absence of such financials, the tax returns of the principal respondents to this RFP will be requested.

F. TIMEFRAME TO COMPLETE

Include a one-page statement on the timeframe to complete the project if chosen as the Redeveloper. Include a detailed description of plans, if any, to phase the project.

G. GOOD FAITH DEPOSIT

The RFP response shall include a bank certified check or surety bond with a company listed in the latest issue of the U.S. TREASURY CIRCULAR NO. 570 in the amount of \$25,000. Alternatively, a letter of credit acceptable to OCURA in the amount of \$25,000.00 may also be provided. The good faith deposit must be valid for a minimum of 90 days after the RFP submission due date. Unsuccessful RFP applicants will have their deposits returned at the end of 90 days or when a Conditional Redeveloper is chosen, whichever comes first. OCURA will retain the Good Faith Deposit of the Redeveloper chosen for the project and apply the amount towards the project as negotiated in the redevelopment agreement.

The Board of Commissioners may, in its discretion, authorize and direct competitive negotiations with two or more prospective Redevelopers. Such negotiations may be with respect to one or more elements of the selection criteria. Such negotiations will be undertaken by the staff of OCURA in accordance with direction from the Board of Commissioners.

In the event competitive negotiations are authorized, a cut-off date will be established after which no further negotiations will occur and no additional submissions by a prospective Redevelopers will be considered.

L. OCURA'S RIGHT

This invitation for proposals shall not create any legal obligations for OCURA to enter into a contract for redevelopment except on terms and conditions it deems in its discretion to be satisfactory and desirable. M. CONDITIONAL REDEVELOPER DESIGNATION

Upon review and evaluation of redevelopment proposals or following negotiations with prospective Redeveloper(s), the Board of Commissioners may grant a "Conditional Redeveloper" designation. This designation will be under such terms and conditions as the Board deems appropriate, to potentially one or more prospective Redevelopers. A Conditional Redeveloper(s) designation will confer no legal rights upon the prospective Redeveloper(s) other than the opportunity to negotiate terms of a redevelopment agreement with OCURA. A Conditional Redeveloper designation may be terminated at any time by OCURA.

N. PREPERATION AND APPROVAL OF REDEVELOPMENT AGREEMENTS

The final phase of the selection process will consist of negotiations to outline the terms and conditions of a redevelopment agreement. Site conveyance will be provided by a Special Warranty Deed, subject to such restrictions as required by OCURA. Disposition must take place at or above “fair value” as required by Oklahoma Law. If a negotiation is conducted simultaneously with two or more Redevelopers, the negotiations are to be competitive as to the disposition price and will is one of the criteria involved in making the selection.

OCURA staff may, in its discretion, amend or extend the submission dates as described in the released RFP's, if OCURA receives interest from more than one interested party as to a particular parcel. OCURA will try to provide notice through direct email courtesy announcements of such extensions and, in any event, will post extension notifications on OCURA's website.

In the event that OCURA:

- (b) Receives interest from more than one interested developer as to a specific parcel, then the RFP may remain open through the next proceeding renewal dates listed in the schedule below until an acceptable proposal is received from all interested developers:

At this point, the RFP will be closed and will not continue onto the next renewal. If two or more proposals are received, OCURA may also choose to accept those proposals at the end of whichever RFP renewal period in which they are received. - requirements and guidelines contained in the Oklahoma City Zoning Code or Municipal Code.
- b. Market feasibility and likelihood of the proposal to succeed.
 - c. Redeveloper team qualifications relevant to the proposal and demonstrated experience in completing similar projects.
 - d. Adequacy of the pro forma for the proposal and appropriateness of any requested financial assistance.
 - e. Sufficient evidence of financial capacity to carry out the proposal.
 - f. Capability of the redeveloper team to initiate and complete the redevelopment process within a timeline satisfactory to the Board of Commissioners.

One or more tentative redeveloper designations may be made based on a determination of the proposal or proposals deemed most acceptable to OCURA. OCURA may enter into direct negotiations with the redeveloper(s) tentatively designated, in order to achieve the best and most desirable project in accordance with the redevelopment objectives of the area and to obtain an agreement as to price and other terms and conditions satisfactory to OCURA.

For further information, contact Mitchell Moore at (405) 235-3771 or e-mail Mitchell.moore@theallianceokc.org. The RFPs may be obtained at <http://ocura-ok.org/rfps> or hard copies may be obtained from OCURA for a non-refundable fee of Thirty Dollars (\$30.00).

This invitation for redevelopment proposals will not create any legal obligation for OCURA to enter into a contract for redevelopment except on terms and conditions it deems in its discretion to be satisfactory and desirable and the right is reserved to reject any and all proposals.

Open Records Act and Confidentiality Requirements

OPEN RECORDS ACT AND CONFIDENTIALITY REQUIREMENTS

All materials submitted to OCURA pursuant to this Request for Proposals are potentially subject to the mandates of the Oklahoma Open Records Act (Act), 51 Okla. Stat. §§ 24A.1. et seq. The purpose of the Act is to ensure and facilitate the public's right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. Almost all "records", as that term is defined in the Act, may be disclosed to the public upon request. Except where specific state or federal statutes create an exception or confidential privilege, persons or entities who submit information to public bodies have no right to keep this information from public access, nor is there any reasonable expectation that this information will be kept from public access. See 51 Okla. Stat. §§ 24A.2.

If you believe that any information you will or may submit to OCURA pursuant to this Request for Proposals is or should be kept confidential under a specific state or federal statute, and therefore, not subject to public disclosure, you must comply with the following:

- a. Place said documents/records in a separate envelope marked "Confidential". DO NOT label your entire response to the Request for Proposals as "Confidential" – label only those portions of the response that you feel are made confidential by state or federal law as "Confidential". If only a portion of a document is confidential, please identify specifically the portions of the document you are claiming are confidential. (Under the Oklahoma Open Records Act, a public entity may be obligated to produce documents for public inspection even if the documents contain only a portion of material which is confidential. However, the public entity can redact the confidential portions.)
- b. For each document for which you are claiming a confidential privilege, identify the federal and/or state law that creates said privilege, e.g., for trade secrets, see 21 O.S. § 1732 (Larceny of Trade Secrets) and the Uniform Trade Secrets Act, 78 O.S. §§ 85, et seq.

Please note that OCURA, consistent with § 24A.3(d) of the Act, understands that "personal financial information, credit reports or other financial data obtained by a public body for the purpose of evaluating credit worthiness, obtaining a license, permit, or the purpose of becoming qualified to contract with a public body" is not subject to disclosure under the Act. Financial information requested by this Request for Proposals for evaluating the creditworthiness of the Proposer or the purpose of allowing OCURA to determine if the Proposer is qualified to contract with OCURA should be submitted in a separate envelop and marked as confidential financial information.

Should an Open Records request be presented to OCURA requesting information the Proposer has identified as "Confidential", the Proposer will be informed and the Proposer will be responsible for defending its position in the District Court, if needed.

If the Proposer fails to identify any records submitted as part of your proposal as "Confidential" by placing them in the "Confidential" envelope AND if the Proposer fails to identify the specific state or federal law creating such privilege, OCURA will assume that the Proposer agrees that said records are not confidential and are subject to public access.
