I. REDEVELOPMENT VISION

The OKLAHOMA CITY URBAN RENEWAL AUTHORITY (“OCURA”) invites the presentation of written proposals from qualified developers (“Redeveloper”) for the purchase and redevelopment of approximately half of an acre tract of land, depicted on Exhibit 1 below:

Exhibit 1: Site Location and Context Map (OCURA property depicted in blue)

The legal description is subject to adjustment as to exact boundaries, dimensions, interests and final determination based on a survey.

Lots Six (6) through Eleven (11), both inclusive except the South 25 feet of Lot Ten (10) of Block One (1) in Coulter’s Subdivision, being a subdivision of Block One (1) of Ross Heights Addition to Oklahoma City, Oklahoma County, Oklahoma, according to the recorded plat thereof including all right, title and interest in and to vacated streets and alleys abutting thereon.

Exhibit 2: Site Location and Context Map

The property offered by OCURA are located in the John F. Kennedy (JFK) Urban Renewal Plan Project Area. OCURA is offering this site for mixed-use or commercial redevelopment that will contribute to the continued efforts to revitalize the Project Area, the NE 23rd Street commercial corridor and adjacent neighborhoods. OCURA is interested in a creative, infill proposal that can serve as an example of the redevelopment potential for the many scattered site opportunities in Northeast Oklahoma City. This site represents a tremendous market opportunity given its close proximity to a local and regional highway network; the Oklahoma Health Center—a 300 acre bioscience campus to the southwest; the Baker Hughes, a GE Company, Global Research Center—an international center for oil and gas technology research; the city’s central business district; and the Oklahoma State Capitol campus.

Redeveloping and revitalizing neighborhoods is a primary objective of the JFK Plan. Northeast 23rd Street has served as the predominant commercial corridor for the northern JFK area; however, reinvestment along the corridor has been limited. Recently, there has been renewed interest in opportunities for private and nonprofit investment and public/private partnerships.

The site is accessible by public transit, primarily via [Embark Route 002](#), which runs daily Monday through Saturday between the hours of 6:00 a.m. to 7:30 p.m. Buses generally run on thirty (30

minute frequencies Monday through Friday and sixty (60) minute intervals on Saturdays. No Sunday or late evening service is available at the present time.

The proposed redevelopment should reflect urban design formats that differ from commercial strip center and pad site land-use patterns along most of the corridor. OCURA will work with the selected Redeveloper on site planning through a design review process.

Approximately three blocks to the east, located at NE 23rd and Rhode Island Avenue is an exciting new development taking place by local developers, Pivot Project. Pivot Project is rehabilitating a former row of buildings along NE 23rd Street. The project contains approximately 41,000 square feet of office and retail space. The buildings will be home to Centennial Health Clinic, an eye care clinic, a physical therapy clinic, a barber school, several restaurants and more. This is the first major development that has happened in the area in years. The development will be a catalyst to encourage additional commercial development in the years to come.

Exhibit 3: Rendering of development at 1700 NE 23rd Street

II. REDEVELOPMENT POLICIES AND REGULATORY DOCUMENTS

It is the intention of OCURA to coordinate this RFP with the City's ongoing planning efforts in the area including the City's Comprehensive Plan, **planokc**. This redevelopment vision for this site is supported by the following Urban Renewal Authority and The City of Oklahoma City policy and regulatory documents:

- John F. Kennedy Urban Renewal Plan (a copy can be furnished upon request to the contact listed on the front)

- [Northeast Renaissance Urban Renewal Plan](#)
- [planokc](#)
- [Oklahoma City Municipal Code](#)
- [Oklahoma City Online Zoning Locater](#)
- [Northeast 23rd Street Corridor Plan](#)

Proposals submitted must be conceptually consistent with all of the above policy and regulatory documents.

Zoning Requirements

The current zoning for the redevelopment parcels is classified as C-4 described below as:

C-4 – General Commercial District. The C-4 District is intended for the conduct of wholesale, retail and office business activities that serve the needs of citizens from anywhere in the metropolitan area, rather than being oriented only to surrounding residential areas. Because the permitted uses may serve and employ a large number of people from a large part of the metropolitan area, the activities conducted, and the traffic generated make this district very much incompatible with residential development. The Comprehensive Plan policy does not support further expansion of the C-4 District.

Exhibit 4: The City of Oklahoma City Zoning Requirements

Proposals submitted must be conceptually consistent with all of the above policy and regulatory documents, with the exception that the site may need to be rezoned to accommodate a redevelopment proposal. In addition to the requirement of the

City, it is the goal of OCURA to require high-quality development standards and design principles to lead as an example for future development.

Tax Increment Financing (TIF)

In 2015, the City of Oklahoma City established the Northeast TIF District (Increment District #9) with the intention to spur economic development along three commercial corridors: (1) NE 23rd Street; (2) Martin Luther King, Jr. Avenue; and (3) Kelley Avenue. A TIF District allows the City to support public, private and non-profit projects using incremental growth in property and/or sales taxes generated by increases in net assessed value. If a financial need is demonstrated, TIF funds may be used either to provided financial assistance to real estate development projects that meet the goals of the district, or on various types of physical improvements like public facilities and infrastructure.

This site is located in TIF District #9 ([Northeast Renaissance Redevelopment Project Plan](#)). The [TIF #9 Policy Guide](#) outlines how certain projects may qualify for TIF funding assistance if a need is demonstrated. The availability of TIF assistance is solely at the discretion of The City of Oklahoma City and not OCURA.

III. SUBMITTAL REQUIREMENTS

A. CONCEPTUAL MASTER PLAN

The Redeveloper shall submit a conceptual master plan which will include the following elements:

1. Conceptual site layout of proposed land uses, internal pedestrian and auto circulation network, parking, storage/service areas, connectivity to adjacent parcels and street system, any internal recreation areas (whether private or open to public) such as plazas, courtyards, play/open space areas and any additional site features proposed.
2. Conceptual themes for architecture, landscaping and urban design elements (benches, fencing etc.) Discuss how the development will relate to its context, both in terms of site design and adjacent architecture. Themes can be discussed in written and/or graphic illustrations. Discuss exterior architectural materials proposed. A material board is not necessary for the submittal.

B. DESIGN OBJECTIVES

1. Design of the site must include high quality design, materials and construction. The architectural character must be attractive and meet the character of the surrounding sites, both functionally and aesthetically, and be consistent with land use, zoning and regulatory requirements.
2. In addition to high-quality development, the project should achieve sustainability and energy efficiency goals that exceed the minimum requirement of the Building Code. The project should use environmentally-friendly and sustainable principles in project design and construction.
3. An activated ground floor that engages the sidewalk and promotes a positive pedestrian experience must be provided. This could be through retail, restaurants or other commercial space. Priority should be given to the hard corners. Ground-floor residential units that engage the street and sidewalk would also be considered. Pedestrian and bicycle amenities are important and should be incorporated into the project.
4. The buildings should be pushed to the sidewalk and street edge in order to help activate the street and to provide a presence to the street.
5. As much as possible, parking for the development should be placed behind the buildings and not visible from the street when possible. The focus of the development should be on the design of the building and surface parking.

C. MARKET FEASIBILITY OF CONCEPTUAL MASTER PLAN

The Redeveloper shall submit a narrative of two pages or less outlining the market feasibility of the proposed conceptual plan, for example, comparable rental rates, for-sale data and so forth. It is not the intent of this requirement that the redeveloper obtain a market study from a third party professional.

D. REDEVELOPER QUALIFICATIONS AND FINANCIAL ABILITY TO EXECUTE CONCEPTUAL MASTER PLAN

Qualifications of Development Team

1. List all development team members, including consultants, and their qualifications to undertake the project.
2. List all projects, completed and/or in progress, by the Redeveloper within the past 10 years. Highlight those most similar to the conceptual master plan proposed, if any. Discuss which projects, if any, involved a public/private partnership with an entity such as an urban renewal agency, local government etc.

Financial Ability to Execute the Proposed Master Plan

In order to assist OCURA in reviewing the financial capability of the Redeveloper, information will be requested in two tiers. **The initial tier must be submitted with the RFP response**, the second tier will be requested if the respondent is selected by OCURA as the Conditional Redeveloper (defined in Section L of this RFP).

Tier 1 Submittal Requirements

1. Describe your ability and experience in financing a project of the proposed scale.
2. Execute the financial and credit check forms under Exhibit A of this RFP.
3. A summary project pro forma. Return an electronic copy of a completed pro forma workbook with your proposal. The pro forma should provide an indication of project financing requirements, gaps and financial feasibility.
 - a. The Redeveloper's proposed purchase price for the redevelopment site must be included in the pro forma and take into consideration the real estate market in the area and the proposed uses. A determination of price will be made by an independent appraiser selected by OCURA. The final determination of the sales price will be made by OCURA.
 - b. OCURA will consider proposals which include requests for public tax increment financing (TIF) assistance provided that the need and appropriateness is demonstrated by financial and market circumstances. The availability of TIF assistance is solely at the discretion of The City of Oklahoma City and not OCURA.

Tier 2 Submittal Requirements if selected as a Conditional Redeveloper (defined on under Section L of this RFP)

1. If selected as Conditional Redeveloper, OCURA will request detailed documentation of financing commitments. Debt and equity sources must be outlined with their use and timing in the project's development cycle.
2. Redeveloper's financials of the principal or parent company. In the absence of such financials, the tax returns of the principal respondents to this RFP will be requested.

E. TIMEFRAME TO COMPLETE

Include a one page statement on the timeframe to complete the project if chosen as the Redeveloper. Include a detailed description of plans, if any, to phase the project.

F. GOOD FAITH DEPOSIT

The RFP response shall include a bank certified check or surety bond with a company listed in the latest issue of the U.S. TREASURY CIRCULAR NO. 570 in the amount of \$25,000. Alternatively, a letter of credit acceptable to OCURA in the amount of \$25,000.00 may also be provided. The good faith deposit must be valid for a minimum of 90 days after the RFP submission due date. Unsuccessful RFP applicants will have their deposits returned at the end of 90 days or when a Conditional Redeveloper is chosen, whichever comes first. OCURA will retain the Good Faith Deposit of the Redeveloper chosen for the project and apply the amount towards the project as negotiated in the development agreement.

I. RFP EXTENSIONS

(a) receives no proposals by the originally allotted RFP Due Date, then the RFP will remain open through the next proceeding renewal dates listed in the schedule below until an acceptable proposal is received from one or more developers; or

(b) receives interest from more than one interested developer as to a specific parcel, then the RFP may remain open through the next proceeding renewal dates listed in the schedule below until an acceptable proposal is received from all interested developers:

Schedule

	RFP Release	RFP Due Date
Original RFP Release	July 2, 2018	September 28, 2018
First Renewal	October 1, 2018	December 31, 2018
Second Renewal	January 1, 2019	March 29, 2019

If only one proposal is received, OCURA may choose to accept that proposal at the end of whichever RFP Renewal period in which they are received. At this point, the RFP will be closed and will not continue onto the next renewal. If two or more proposals are received, OCURA may also choose to accept those proposals at the end of whichever RFP Renewal period in which they are received. If OCURA receives interest from two or more interested developers as to a specific parcel, OCURA may notify all developers interested in that specific parcel, if contact information is known, and publish a notification on OCURA's website that the RFP for that specific parcel will remain open through the next proceeding renewal date listed in the schedule above.

J. OPTIONAL COMPETITIVE NEGOTIATIONS

OCURA staff may, in its discretion, amend or extend the submission dates as described in Exhibit I if OCURA receives interest from more than one interested party as to a particular parcel. OCURA will try to provide notice through direct email courtesy announcements of such extensions and, in any event, will post extension notifications on OCURA's website.

The Board of Commissioners may, in its discretion, authorize and direct competitive negotiations with two or more prospective Redevelopers. Such negotiations may be with respect to one or more elements of the selection criteria. Such negotiations will

be undertaken by the staff of OCURA in accordance with direction from the Board of Commissioners.

In the event competitive negotiations are authorized, a cut-off date will be established after which no further negotiations will occur and no additional submissions by a prospective Redevelopers will be considered.

A decision by the Board of Commissioners to conduct competitive negotiations will not confer any rights upon a prospective Redeveloper nor create any obligation of OCURA to approve and enter into a redevelopment agreement with a Redeveloper.

K. OCURA'S RIGHT

OCURA reserves the unconditional right, at its sole discretion, to reject any or all proposals submitted for any reason or no reason. OCURA may, at its discretion, waive any informalities, minor defects, or technical inaccuracies in the proposals. OCURA reserves the right to request and obtain any additional information necessary to complete evaluation of the proposals.

OCURA also reserves the right to modify or extend the submission schedule as described in Exhibit I. OCURA will provide notice of any modification or extension of the submission schedule through direct email courtesy announcements and through OCURA's website.

L. CONDITIONAL REDEVELOPER DESIGNATION

Upon review and evaluation of redevelopment proposals or following negotiations with prospective Redeveloper(s), the Board of Commissioners may grant a Conditional Redeveloper designation. This designation will be under such terms and conditions as the Board deems appropriate, to potentially one or more prospective Redevelopers. A Conditional Redeveloper(s) designation will confer no legal rights upon the prospective Redeveloper(s) other than the opportunity to negotiate terms of a redevelopment agreement with OCURA. A Conditional Redeveloper designation may be terminated at any time by OCURA.

M. PREPERATION AND APPROVAL OF REDEVELOPMENT AGREEMENTS

The final phase of the selection process will consist of negotiations to outline the terms and conditions of a redevelopment agreement. Site conveyance will be provided by a Special Warranty Deed, subject to such restrictions as required by OCURA. Disposition must take place at or above "fair value" as required by Oklahoma Law. If a negotiation is conducted simultaneously with two or more Redevelopers, the negotiations are to be competitive as to the disposition price and will be one of the criteria involved in making the selection.

The selection process will be initiated by the submission of formal written proposals to OCURA in accordance with these instructions. Prior to the day and time for receipt of such formal written proposals, OCURA will provide all prospective redevelopers with available information, background material, and advice in order to encourage the preparation of proposals which most fully reflect the objectives of OCURA.

All formal written proposals for the purchase and redevelopment of the sites being offered for sale will be received at the offices of the Oklahoma City Urban Renewal Authority, 105 North Hudson Avenue, Suite 101, Oklahoma City, Oklahoma, until **10:00 a.m. on Friday, September 28, 2018**. Any proposals received after this time will be returned unopened to the prospective redeveloper. Proposals will be publicly opened and read aloud by OCURA at **10:00 a.m. on Friday, September 28, 2018**, in the conference room at the offices of OCURA. PLEASE NOTE: OCURA reserves the right to extend this schedule at its discretion according to the terms as described below and within each individual RFP. Notification of any changes in the schedule will be posted on OCURA's website.

OCURA staff may, in its discretion, amend or extend the submission dates as described in the released RFP's, if OCURA receives interest from more than one interested party as to a particular parcel. OCURA will try to provide notice through direct email courtesy announcements of such extensions and, in any event, will post extension notifications on OCURA's website.

In the event that OCURA:

- (a) Receives no proposals by the originally allotted RFP Due Date, then the RFP will remain open through the next proceeding renewal dates listed in the schedule below until an acceptable proposal is received from one or more developers; or
- (b) Receives interest from more than one interested developer as to a specific parcel, then the RFP may remain open through the next proceeding renewal dates listed in the schedule below until an acceptable proposal is received from all interested developers:

At this point, the RFP will be closed and will not continue onto the next renewal. If two or more proposals are received, OCURA may also choose to accept those proposals at the end of whichever RFP renewal period in which they are received. In the event that no proposals are accepted for review by June 30, 2020, all RFP's for properties described in this notice will close and the projects will be reevaluated by OCURA.

The evaluation of redevelopment proposals will in part be based upon the principal criteria of:

- requirements and guidelines contained in the Oklahoma City Zoning Code or Municipal Code.
- b. Market feasibility and likelihood of the proposal to succeed.
 - c. Redeveloper team qualifications relevant to the proposal and demonstrated experience in completing similar projects.
 - d. Adequacy of the pro forma for the proposal and appropriateness of any requested financial assistance.
 - e. Sufficient evidence of financial capacity to carry out the proposal.
 - f. Capability of the redeveloper team to initiate and complete the redevelopment process within a timeline satisfactory to the Board of Commissioners.

One or more tentative redeveloper designations may be made based on a determination of the proposal or proposals deemed most acceptable to OCURA. OCURA may enter into direct negotiations with the redeveloper(s) tentatively designated, in order to achieve the best and most desirable project in accordance with the redevelopment objectives of the area and to obtain an agreement as to price and other terms and conditions satisfactory to OCURA.

Open Records Act and Confidentiality Requirements

OPEN RECORDS ACT AND CONFIDENTIALITY REQUIREMENTS

All materials submitted to OCURA pursuant to this Request for Proposals are potentially subject to the mandates of the Oklahoma Open Records Act (Act), 51 Okla. Stat. §§ 24A.1. et seq. The purpose of the Act is to ensure and facilitate the public's right of access to and review of government records so they may efficiently and intelligently exercise their inherent political power. Almost all "records", as that term is defined in the Act, may be disclosed to the public upon request. Except where specific state or federal statutes create an exception or confidential privilege, persons or entities who submit information to public bodies have no right to keep this information from public access, nor is there any reasonable expectation that this information will be kept from public access. See 51 Okla. Stat. §§ 24A.2.

If you believe that any information you will or may submit to OCURA pursuant to this Request for Proposals is or should be kept confidential under a specific state or federal statute, and therefore, not subject to public disclosure, you must comply with the following:

- a. Place said documents/records in a separate envelope marked "Confidential". DO NOT label your entire response to the Request for Proposals as "Confidential" – label only those portions of the response that you feel are made confidential by state or federal law as "Confidential". If only a portion of a document is confidential, please identify specifically the portions of the document you are claiming are confidential. (Under the Oklahoma Open Records Act, a public entity may be obligated to produce documents for public inspection even if the documents contain only a portion of material which is confidential. However, the public entity can redact the confidential portions.)
- b. For each document for which you are claiming a confidential privilege, identify the federal and/or state law that creates said privilege, e.g., for trade secrets, see 21 O.S. § 1732 (Larceny of Trade Secrets) and the Uniform Trade Secrets Act, 78 O.S. §§ 85, et seq.

Please note that OCURA, consistent with § 24A.3(d) of the Act, understands that "personal financial information, credit reports or other financial data obtained by a public body for the purpose of evaluating credit worthiness, obtaining a license, permit, or the purpose of becoming qualified to contract with a public body" is not subject to disclosure under the Act. Financial information requested by this Request for Proposals for evaluating the creditworthiness of the Proposer or the purpose of allowing OCURA to determine if the Proposer is qualified to contract with OCURA should be submitted in a separate envelop and marked as confidential financial information.

Should an Open Records request be presented to OCURA requesting information the Proposer has identified as “Confidential”, the Proposer will be informed and the Proposer will be responsible for defending its position in the District Court, if needed.

If the Proposer fails to identify any records submitted as part of your proposal as “Confidential” by placing them in the “Confidential” envelope AND if the Proposer fails to identify the specific state or federal law creating such privilege, OCURA will assume that the Proposer agrees that said records are not confidential and are subject to public access.
